## Wedding Videography Southern Highlands

We at Immersion Imagery strive to capture all of the sights, sounds and emotions of your wedding day. We listen to you and place priority on your enjoyment. In every aspect of your wedding we will use modern broadcast-quality video production equipment. We use the latest state of the art Sony high definition video camera technology, wireless microphones and the very best of digital computer editing systems. When you choose to invest in a professional videographer you're honoring the importance of your wedding day, and with the high level professionalism of the Jones bros, your not only getting a videographer but fully trained experts from the film industry, ensuring your day will be captured to the highest caliber and quality around. To capture the silent wiping of a tear or a simple soft smile. . . . these shots are priceless. A trained eye & our extensive experience in the film industry both help in capturing these special moments. In order to capture people in their most natural state we use the "fly on the wall approach". We will also make sure that your closest loved ones are able to share their final loving words in a way that will be sure to bring out a tear.
